EUGENE SAUNDERS DIES IN MICHIGAN

Wealthy Tobacco Man and Land Own-er, Native of Fleming County, Dead —Brother of Local Woman.

Eugene Saunders, of Lexington, died Tuesday at Battle Creek, Mich., where he had been at a sanitarium for one of the Burley Tobacco Company at month. He had been in ill health for their semi-annual meeting held in Lexmenth. He had been in ill health for a year. The body will arrive in Lexington Wednesday night at 11:55 o'clock on the L. & N. railroad. Mr. Saunders is survived by his wife, Mrs. Eugene Saunders; one daughter, Mrs. Lucien Lee, three brothers, M. G. Caunders of Levington: Piley Saunders at the meeting held in Lexington Tuesday. The company operates in thirty-one counties of the Burley district. The dividend is payable July 1.

President Clarence LeBus was in the chair at the meeting which was at-Saunders, of Lexington; Riley Saunders, of Flemingsburg, Ky., and Bruce Saunders, of Flemingsburg; one halfbrother, Thomas Saunders, of Hills-boro, Ky.; two sisters, Mrs. Harlan Day, of this city, and Mrs. W. F. Mc-Kee, of Hillsboro, Ky. Funeral ar-

rangements will be announced later. Mr. Saunders was a native of Fleming county and had made one of the most phenominal successes of any man in the state. Mr. Saunders was recognized as one of the wealthiest men in the state having acquired his wealth largely through tobacco. He was one of the largest holders of fine farm land in the Bluegrass district and had many warm friends here who are grieved to hear of his death.

CHAUTAUQUA ARE **ALL NOW SECURED**

Contract For Maysville Chautauqua Signed—Fine Lot of High Class Talent is Procured.

It will be a source of real pleasure to the Chautauqua devotees of this city and the surrounding communities to know that there will be a chautauqua here this year surpassing, if poschair at the meeting which was at- sible, the very excellent program tendered last year. Maysville will again have the Coit-Alber Service as Mr William G. Lavelle, representative, has closed the contract with Chairman A. L. Merz, representing the Chautauqua committee of the Chamber of Commerce and the necessary guarantors were secured today.

Never has there been such an as semblage of brain power in the lecture forum as the Coit-Alber Service tenders the patrons of their circuit Chautauqua this year. Dr. Frank Bohn, is known to our people having been here last year. Auzac Tom Skeyhill, of whom we carried a story in these columns, is a world figure today and will draw a tremendous audience it is con fidently predicted. But in addition there is Dr. James L. Gordon, of Washington, D. C., a keen observer, a fine orator and a deep thinker and living as he does in the Nation's Capitol has an opportunity to measure men and affairs from an angle not given the ordinary citizen. He will bring a great message. Lieut. Jean A. Picard is a Frenchman who was wounded at the first battle of the Marne when Paris and world-wide democracy was saved. He has been in all the large cities of this country and everywhere has been heralded as a real man and hero with a real message. Last year he was the outstanding figure on the Coit-Alber five day circuit. Judge Ben Lindsay, of Denver, Col., needs no introduction to any American audience. Besides his work as the pioneer judge in juvenile work he has recenty returned from abroad and he will ring a message that none will want to miss. But in addition to all of these there yet comes Judge Lobinger who is an orator of repute and with a real live and inspirational message for all who are fortunate enough to hear him. There will likewise be an authoritative speaker representing the Young Women's Christian Association and the American Red Cross who have seen active service and tell of the work done by these respective organi-

The music will likewise be above the standard of the past. There will be the Old Home Singers, a mixed organization that will render the old and new songs in a most pleasing and delightful manner, featuring, however the old songs. The Charles Edward Clarke Company is a three people organization containing, besides Mr. Clarke a very excellent baritone singer, Mrs. Clarke who is a cecliniste of Americans is a band that will, deliver band music that will satisfy the critics. But they not only give you real band music they will also sing as well The Josef Konecny Co., is a very high class musical organization that will render the classics in an understandable manner and satisfy the most discriminating. The Orpheus Four is probably the highest class male quartet in this country. It is the official organization of the Orpheus Club, Los Angeles, Cal., and won the \$3000 cash prize at the Panama-Pacific Exposition being the first price offered for male quartettes. It is the one organization that Tetrazinni and like artists will permit to support her in making records for the reproduction machines Besides they have made many records for the various reproduction companies. The Fish Jubilee Singers will also be a big attraction that should more

than make good. And there will be a live-up-to-date minute play this year with every actor and artist. The play will be Seven Keys to Balpate with the Percival Vivian Players, Mr. Vivian taking the role. This will be a play and an organization that would cost you from \$1 to \$1.50 to see in any theater or opera house. And the Juniors this year will put on a real circus as their contribution, instead of the usual pageant. They will wear animal costumes that will prove not only novel and entertaining but instructive. All in all it looks like Maysville this year will have the biggest and best she has ever had in the way of a Chautauqua. The date for the Chautauqua has not

yet been, finally decided upon but it will be held this year about the first or middle of August. The exact date will be announced later.

RETURN FROM TRIP TO OIL FIELDS

A number of Maysville and Mason county men who have invested in oil stocks took an excursion to the oil fields several days ago and returned to Maysville today very much pleased.
It is understood that while in the mountains some of the boys got a little dry and they soon found an alleged moonshiner operating who offered his wares at \$4 per quart. The boys in-vested in a couple of vials and upon it learned that it was pure water. Whether they saw any oil on their trip

ENEMY THOUGHT A MILLION YANKS WERE IN ITALY

332d Infantriy of Which George Mills Was Member, Fooled Foes Who Thought There Were Several Divisions of Americans In Italy.

The 332d Regiment of the 83rd Division, just recently returned from Italy served one of the most useful and ctrange purposes of any outfit in the American Expeditionary Forces. George Mills, former employee of

the Public Ledger, was one of the 4,000 men in this regiment and he tells very interestingly of how the Yanks and their shrewd General "put it over" the Austrians and the Italians as well. The regiment was originally made up of Ohio men and it was replaced with A1 for her daughter and to notify her at men wherever misfits were discovered once so that she could go to Newark and sent to Italy to make as big a and induce her daughter to return to themselves. showing as possible. The going was a bit rough with the allies just then and not many men could be spared from the A. E. F. to go to Italy but it was necessary to make the enemy think a large force of American troops was on the Italian front, and the Italians themselves needed as much encouragement as they could get from seeing American troops in their coun-

can," were the orders given by General Treat, in command of the "American forces in Italy," to Colonel Wallace, commander of the regiment which was referred to during its stay in that country as the "American forces in Italy." How Colonel Wallace 'made 'em look like a million" is told

as follows: So Colonel Wallace started. Some times he paraded his regiment in two different towns on the same day. The farther apart the towns were the bet ter he liked it. He advertised the American forces like a circus. A battalion would march down the street amid the frantic cheers of the poputo the starting point, replace campaign hats with tin derbies and perspire proudly down the line of march again. The moment martial music was heard the regiment fell in Ga., to visit her son, C. H. Tolle and and dressed to the right instinctively. It would parade in its sleep. It disthe trucks for the rush to the next

"The whole country seemed crawling with Americans," the Italian ob-

It fooled the world, all right. Italy pathizers and spies, but unless the pies could tie a ribbon on each marching soldier they could never find out how many American s there were the kingdom. Only the few in the secret had any suspicion that there was but a single regiment. After the 332d reached the Italian front it kept he communication trenches and over ack areas and in and out and round about. Whenever it found itself concealed from observation it change hats, or put on raincoats, or dropped its packs, or picked its packs up.

"How many Americans are there in taly?" asked an Austrian intelligence officer after the armistice. "We know there are five divisions, but how many

more? The American found official reports signed by Austrian fliers who managed to "identify" almost as many American nits as there were in France.

The regiment's services were not all pippodrome, however, for it chased the Austrians for six days. Its casualties vere slight, but it was hard work trying to catch up with the fleeing enemy.

MAYSVILLE GOES OVER TOP IN VICTORY LOAN

Secretary's Report of Sales of Victory Notes Today Shows That Maysville Has Passed Its Quota-County Near Its Quota.

Maysville has gone over the top in the last government loan. This announcement was made at 4 o'clock this afternoon by Mr. W. W. Ball, Jr., Secretary of the Mason County Managing Committee.

At the close of business this afternoon local banks reported that the people of Maysville had thus far purchased \$209,400 worth of notes and the city's quota was \$200,000 putting the city over the top with a margin of \$9,-

Total sales in the entire county up to this afternoon amounted to \$542 .-850 and the county's quota is \$580,000 which shows that the county is very near its quota and the members of the county committee feel that this quota will have been reached by tomorrow afternoon and that the county will

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imerfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube reactored a its normal condition, hearing restored its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for the case of Catarrhal Deafness that cannot

IMPORTANT MEETING OF SUFFRAGE SUPPORTERS

An important letter requiring an immediate answer has been received by the Mason County Woman Suffrage League from Mrs. Desha Breckenridge, President of the Kentucky Equal Rights Association.

All persons interested in securing the right of suffrage for Kentucky women and all suffragists who wish to hold up the hands of our newly elected state president are urged to come to the Public Library Thursday, May

8, at 2:30 p. m. In twenty-seven states women have the right to vote in 1920 for the next President of the United States. Do you wish Kentucky added to that num-ber? Mrs. Breckenridge cannot speak for the state except as the local leagues express themselves.

Come and See the New Chandler Touring Car

Most Beautiful Big-Car Offering of the Season, and the Price is Only \$1795

HE new Chandler touring model is here. We have waited for it. Old Chandler owners have waited for it. It's here now and we are all proud and happy. The Chandler of the past has had splendid bodies, but the new Chandler touring car

even surpasses its immediate fore-runner in beauty of line, in bigness, in comfort of its cushioning, in the nicety of its custom-like workmanship and in its lustrous finish. The new Chandler Touring is a big car. Its high hood and radiator, its broad cowl, its wide and deep doors give it distinctive appearance.

And it RIDES, -- it rides like a dream

Nothing has been cut out to permit the delivery of this fine big touring car at the Chandler price. Indeed, many little details of in yore added. The back curtain window to beyond the control of the co is beveled pla glas. The clear-vision side curtains fit snugly and ope with the doors. There are detachable rear quarter-bow cu. ains. There are outside door handles.

Features which have been standard Chandler qualities in the past are continued. The cushions are upholstered in genuine hand-buffed plaited leather. The front compartment floor boards are covered with heavy gray linoleum, aluminum-bound. The two comfortable auxiliary chaire fold away, entirely concealed, when not in use.

Carrying this Handsome Body Is the Famous Chandler Chassis

You will choose the new Chandler touring for its bigness and its comfort aed its handsome dignity. But you will choose it, too, for its mechanical excellence. Fifty thousand Chandler owners know, better than we can tell you, what a good car the Chandler is. The famous Chandler motor and the sturdy excellence of the whole chassis make the Chandler notable among fine cars.

The Chandler continues for 1919 all its distinguished mechanical features; solid cast aluminum motor base extending from frame to frame, silent chain drive for the auxiliary motor shafts, annular ball bearings, Bosch Magneto ignition and many other features of design and equipment characteristic of the highest-class motor car construction.
